

Type 33

Type 33 „GSK“ – Model Greater Stone Kontainer with Heater-railing from wood

→ No protection grid for the heater necessary!

Optional equipment:

Cable-cover

Saunaheater – Standing model for private and commercial use in home and business saunas.

Saunaheater in clear classic design. The proven construction for decades in a double-casing execution with large ventilation cross-section offers best sauna thermic for every requirement.

The large air flow ensures a dry and optimal sauna climate.

It results in an extremely short warm-up time of the sauna room, and it also convinces by low-noise operation.

This means an environmentally friendly and economical operation of your sauna.

Optional equipment:

- „GSK“ Version = Greater Stone Kontainer for more effective infusions
- Heater railing made of wood (all 4 sides possible)
- Cable cover in chrome steel (mounting with rear panel)

Technical Datas:

Outer casing:	optionally “real Enamel” – anthracite-colored (scratch-resistant, temperature-resistant, odorless) or in Chromium-steel (shiny – covered with a protection-foil).
Top-frame:	Stainless steel, brushed
Stone-basket:	Stainless steel, without contact to the heating-elements
Rear/Backside:	galvanized-steel – optional in outer casing version
Foot-frame:	Chrome-steel, with drip protection
Electric connection:	integrated, by 2 screws fixed rear panel.
Heating elements:	á 1000 watts, very low heating rod load (3,2 watts/cm ²) and long life term.
Heating capacities:	6 7 8 and 9 kW
Power connection:	400V 3N AC
Dimensions (WxDxH):	33 x 44 x 75 / GSK: H = 82 cm
Safety distance:	minimum 7 cm on all sides to flammable parts
Stone filling:	approx. 12 kg / GSK: ca. 20 kg
Ofengewicht netto:	approx. 25 kg

Recommended room size of the sauna cabin according to the table. (Basic = RAL-Guideline for sauna cabins in buildings)

Heating-power kW	6	7	8	9
Suitable for Sauna cabins m ³	7 – 10	8 – 11	9 – 12	10 – 15
